

## WCMCA Early Head Start

### Parent Child Socialization Purpose and Survey Questions

Head Start believes parents and guardians are children's first teachers. An exciting event offered is socializations. This is a time when you, your child, and other parents and their children come together to have fun and enjoy a special time together. These opportunities build on the goals you set during your home visits. Socializations will be offered two times a month throughout the year. They will give you an opportunity to:

- ✓ Be out of the home to meet other parents.
- ✓ Share what you know and learn with other Early Head Start parents.
- ✓ Learn that you are not alone in the challenges and joys of raising a young child.
- ✓ Share activity ideas and use what you learn with family members and most important of all, strengthen your relationship with your child.

EHS Staff want to make these group opportunities the most enjoyable for you and your child and would like your input in our attempts to best meet the needs of families.
