

PASS Criteria:

Age 3: 10/25 (20/50)

Age 4: 10/20 (20/40)

Age 5: 10/16 (20/32)

or better in each eye with no more than one or no-line difference in PASS range

Note:

A Complete Eye Exam is recommended for family history of vision problems and/or observed eye abnormalities during visual inspection

Screening results and detailed notes from attempts will be documented on the *Hearing and Vision Screening Worksheet* and FES will communicate with family at each level of screening, documenting in ChildPlus.

The *WCMCA Head Start Developmental and Social Emotional Referral Form* should accompany referral recommendation with reason for referral described in *developmental screening* section. If parents refuse referral to vision professional, FES will indicate on referral form.

*“Conditioning”- refers to preparing child for screening.
(matching games, practice covering eyes/wearing occluder glasses)
